**May 13<sup>th</sup> and 20<sup>th</sup>**

**Guest Presenter Dr Michael Berg.** We are very pleased to have Dr Michael Berg from the Theology Department at Wisconsin Lutheran College present about the Easter Apologetics. Pr. Berg writes: *““The Resurrection Claim”-St. Paul declares that if Jesus did not rise from the dead, our faith is futile. To put it another way, if Paul saw the dead body of Jesus, he would have given up the Christian faith. So, can we combat the skeptics claim that Jesus did not rise from the dead thus making Christianity pointless (at best) or a harmful lie (at worst)? The answer: “Yes, we can examine the evidence of the resurrection and come to the conclusion that Jesus did in fact rise from the dead.”*

**About Pastor Berg:** “I grew up in Missouri, California, and Michigan before studying to become a pastor. After twelve years as pastor of St. John’s Lutheran Church in Wood Lake, MN, I arrived at WLC to teach in the theology department. I am married to Amanda and have three daughters, Abigail, Noelle, and Sophia. We enjoy traveling, reading, and following an eclectic mix of sports teams.” Mike and his family are members of St. Philip’s Lutheran Church in Milwaukee, where Amanda serves as Kindergarten teacher.”
